# MINECRAFT | TOP 5 TIPS
FOR SAFE GAMING

1 UNDERSTAND ONLINE INTERACTIONS:

- Teach kids not to share personal info online.
- Show them how to report inappropriate behaviour.
- Adjust chat settings for privacy.

2 SET UP A CHILD ACCOUNT:

- Set up an Xbox Child Account to create a safer, tailored experience.
- Control which games can be played and who kids can communicate with online.
- Download the Xbox Family Settings app to manage your child's gaming experience from anywhere.

3 RECOGNISE IN-GAME PURCHASES:

- Explain virtual vs. real money.
- Set spending limits on their account.
- Review purchase requests together.

4 BALANCE SCREEN TIME:

- Create a schedule that includes breaks.
- Use tools to set playtime limits.
- Encourage non-screen activities.

5 BUILD A SAFE ONLINE WORLD:

- Help set up private servers for friends.
- Use moderation tools to manage interactions.
- Stay updated on Minecraft's safety features.
